Tips for Filing Form E, Form H, and Form K to Georgia Using Tyler Insurance Filings

Forms E, H, and K filed to Georgia require information that is determined during the motor carrier's registration process for operating authority, like state ID number, to be included on the form. Make sure the insured motor carrier has completed this registration before you file the proof of insurance on behalf of your policyholder.

Motor Carrier Operating Status and Authority Types

To file Forms E, H, and K to Georgia, you are required to enter state-specific information about the motor carrier registered to operate in Georgia. Each motor carrier should have this information as part of their Georgia registration:

- **Operating Status**: Interstate or Intrastate

- **Type of Authority/Service**: Georgia Intrastate Motor Carrier (GIMC), Household Goods, Passenger Carrier, or Passenger Carrier (10 passengers or fewer)
 - If Household Goods, Passenger Carrier or Passenger Carrier (10 passengers or fewer) is selected, additional classification data is required:
 - Household Goods Types: Truck-Only

 - Passenger Carrier Types: Stretch Limo, Limo Bus, Passenger Carrier, Motor Coach, Party Bus, Tours Bus, Adult Day Care, Child Day Care, Non-Emergency Medical, Shuttle Bus, Trolley Bus, Mega Bus, Hotel Shuttle

 - Passenger Carrier Types (10 passengers or fewer): Child Day Care, Adult Day Care, Passenger Carrier

After you select a Form Type (Form E, Form H, or Form K), the second page of the form will display questions to enter the following information about the insured motor carrier registered to operate in Georgia.

1. Select the **Operating Status Type**: *Interstate* or *Intrastate*
 - Hover over the  icon to display information on each option.
2. Check one or more **Type of Authority/Service**. Choices presented are based on the form type (E, H, or K) and *Operating Status Type* you selected:
 - GIMC will appear as a choice for Form E filings for motor carriers with *Intrastate* operating status.
 - Household Goods will appear as a choice for Forms E, H, and K. Form H is only required for motor carriers with *Household Goods* authority.
 - Passenger Carrier will appear as a choice for Forms E and K.
 - Passenger Carrier (10 passengers or fewer) will appear as a choice for Form E and K filings for motor carriers with *Intrastate* operating status. Passenger Carriers with vehicles that hold 10 passengers or fewer do not require GIMC authority. This *Type of Authority/Service* may not be used in combination with other options.
